

Long Island Lutheran Middle & High School (LuHi) is an independent Christian school serving students in grades 6-12 from Nassau, Suffolk, and Queens counties in New York. Our academics, arts, athletics, and campus ministry work together to support the growth and development of each young man and woman to become all who God intends them to be. LuHi's core values of Christian Love, Excellence, Community, and Family undergird the daily work of each member of the LuHi community, as we work together to support students in becoming compassionate and educated leaders.

LuHi seeks a full-time Chemistry teacher for our High School for the 2026-2027 school year.

LuHi is a caring environment that seeks to blend student development in academics, spiritual life, the arts, and athletics. The ideal candidate sees themselves as a part of a whole - a team working in partnership with students and families to support holistic growth and development during the middle and high school years. The ideal candidate is an educator who works collaboratively with other educators, seeks partnership, and works to see students as individuals, meeting them where they are in order to facilitate growth through rigorous academics coupled with appropriate support. Responsibilities will include curriculum development for courses focused on hands-on application of content and skills specific to the Science discipline, and daily lesson planning, preparation for fluid moves between virtual and in-person instruction, grading and feedback, participation in professional development, and support of and participation in campus ministry as needed.

Responsibilities include:

- Teach 6 sections of HS Chemistry, including AP Chemistry, (note: a full load at LuHi is 6 sections)
- Collaborate and plan with other Science teachers and high school educators, as well as school leaders
- Other duties as assigned by school leadership

Desired Qualifications:

- Bachelor's Degree (Master's preferred)
- Certification in Chemistry preferred
- Experience teaching AP Chemistry preferred, or willingness to attend AP Summer Institute

Compensation:

- Salary Range: \$52,000-\$74,000 (commensurate with experience)
- Benefits include: medical, dental and vision plans; health savings and reimbursable accounts; employer-funded pension plan; no-cost group life, and short- and long-term disability insurance; professional development and advanced education programs; tuition remission (grades 6-12); discounted summer and after-school programs; generous paid time off.

Applying for this Position:

Interested candidates should submit a cover letter and resume to Assistant Principal for Academics Laura Callahan at careers@luhi.org. Please indicate "Chemistry Position" in the subject line. To learn more about our school, candidates should visit our website at www.luhi.org.

As an Equal Opportunity / Affirmative Action employer, Long Island Lutheran Middle & High School will not discriminate in its employment practices due to an applicant's race, color, religion, sex, sexual orientation, gender identity, national origin and veteran or disability status.
